

## **ABOUT SNEHA**

SNEHA, a Mumbai-based non-profit with over 450 staff, focuses on improving health and nutrition in urban slums. Using a life-cycle approach, it addresses critical health and nutrition needs at key stages—from adolescence to family planning—aiming to enhance outcomes for women and children in vulnerable communities across Mumbai and the Mumbai Metropolitan Region.

It focuses on enhancing urban health by empowering both care seekers and providers. We work with informal settlement communities to drive change and partner with public health systems to ensure sustainable improvements. Our programs include Maternal and Child Health, Empowerment Health And Sexuality of Adolescents, Public System Partnership, Prevention of Violence against Women and Children, SNEHA Shakti, Palliative Care, and Livelihood Generation.

## **ABOUT THE PROGRAM**

**Healthy cities Immunization project.** This project will be implemented in the Ambujwadi community of Malwani, Malad west.

**Goal** - Strengthening health system to improve immunization coverage in vulnerable urban settlements of PN Ward of Malwani

### **Objectives of the Project –**

- To strengthen capacities of primary public health systems for effective delivery of child immunization
- Engaging communities to support health systems for improving immunization coverage.

The project aims to work in collaboration with health systems to improve the coverage of immunization of children less than 3 years of age. Government has recently launched U win app on the lines of CO Win app (An immunization application) which will be helpful in capturing all immunization related data of children in a given set up. It will be also beneficial for health department officials to track the progress of immunization and total number of unimmunized children. SNEHA team will join with the HP CHV and ASHA workers to improve the coverage and capture the data in the U Win application.

## **“WHAT’S IN IT FOR ME” (WIIFM) - AT SNEHA**

At SNEHA, our fundamental belief is that prioritizing people is key, demonstrating our strong dedication to nurturing a supportive and growth-driven atmosphere. We uphold an open-door policy that champions transparency and open dialogue. We actively invite employees to voice their ideas, feedback, and concerns, fostering a culture where innovation and teamwork can flourish.

***If you value excellence and are passionate about nurturing individuals, SNEHA is the perfect place for you!!***
